This rate may vary over time, for actual rates please check the "CFD Expiration Dates" on our website.

However, when a client holds a long CFD position, Demeterer shall pay the equivalent of the dividend to that client and deduct the equivalent from any client holding a short CFD position. This shall be done on or shortly after the ex-dividend date as that is when the economic effect is felt on the underlying share price.

 3. You can only use the Roll Over feature once for each trading position.
 4. The Roll Over feature shall only be available up to 15 minutes before the expiry time.
- 11.11 You will promptly deliver any instructions, funds, or documents deliverable by you under a Transaction in accordance with that Transaction as modified by any instructions given by us.
- 11.12 Clients must be aware that Forex transactions carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign currency so that transactions are 'leveraged' or 'geared'. A relatively small market movement may have a proportionately larger impact on the funds that the Client has deposited or will have to deposit. This may work against as well as for the client. Demeterer exclusively reserves the right to widen its variable spreads, adjust leverage, change its rollover rates and/or increase the margin requirements without notice under certain market conditions including, but not limited to, when the trading desk is closed, around fundamental announcements, as a result of changes in credit markets and/or at times of extreme market volatility. In such circumstances, the Client agrees to indemnify Demeterer for any and all losses that may occur due the widening of spreads and the adjustment of leverage. Furthermore, it should be noted that the Company operates on a 'negative balance protection' basis; this means that you cannot lose more than your initial investment.
- 11.13 We may, but shall not be obliged to, accept instructions to enter into a Transaction. If we decline to enter into a proposed Transaction, we shall not be obliged to give a reason but we shall promptly notify you accordingly.
- 11.14 We have the right (but no obligation) to set limits and/or parameters to control your ability to place orders at our absolute discretion. Such limits and/or parameters may be amended, increased, decreased, removed or added to by us at our absolute discretion and may include (without limitation) through instrument specification table available on Demeterer's website:
1. controls over maximum amounts placed to open a position using any of Demeterer's Online Trading systems;
 2. controls over maximum positions placed per trader and per asset;
 3. controls over our total exposure to you;
 4. controls over prices at which orders may be submitted (to include (without limitation) controls over orders which are at a price which differs greatly from the market price at the time the order is submitted to the order book);
 5. controls over the Electronic Services (to include (without limitation) any verification procedures to ensure that any particular order or orders has come from you); or

6. any other limits, parameters or controls which we may be required to implement in accordance with Applicable Regulations.
- 11.15 Should you surpass the limits and/or parameter we set, your trade shall be blocked and/or suspended. The position limits will be notified in advance to you either through Demeterer's website or Demeterer's Online Trading systems.
- 11.16 The manner of calculating the Transactions' expiration rates of indexes, stocks, currencies and commodities which are offered by Demeterer are updated from time to time, the assets offered by Demeterer and the way the Transactions' expiration rates of indexes, stocks, currencies and commodities which are offered by Demeterer are calculated may change from time to time at Demeterer's sole discretion. Customer undertakes to continuously ensure customer is updated on the assets and the manner of aforesaid calculation. We reserve the right, at our full discretion, not to execute the order, or to change the quoted price of the Transaction, or to offer you a new quote, in case of technical failure of the trading platform or in case of extraordinary or abnormal fluctuations of the price of the financial instrument as offered in the market. In the event we offer you a new quote you have the right to either accept it or refuse it and thus cancel the execution of the Transaction. Without limitation, we do not accept any liability by reason of any delay or change in market conditions before any particular Transaction is affected.
- 11.17 The levels we present on our site are the ones received from our market maker.
- 11.18 The Client acknowledges that he/she is responsible for reviewing the expiration dates for the options, which are located on the Demeterer's website.

12. TYPES OF ORDERS ACCEPTED

- 12.1 Some of the types of orders Demeterer accepts include, but are not limited to:
 - a) Good till Cancelled ("GTC") - An order (other than a market order), that by its terms is effective until filled or cancelled by Client. GTC Orders are not automatically cancelled at the end of the Business Day on which they are placed.
 - b) Limit - An order (other than a market order) to buy or sell the identified market at a specified price. A limit order to buy generally will be executed when the ask price equals or falls below the bid price that you specify in the limit order. A limit order to sell generally will be executed when the bid price equals or exceeds the ask price that you specify in the limit order.
 - c) Market- An order to buy or sell the identified market at the current market price that Demeterer provides via the Online Trading System. An order to buy is executed at the current market ask price and an order to sell is executed at the current market bid price.
 - d) One Cancels the Other ("OCO") - is a pair of conditional orders stipulating that if one order executes, then the other order is automatically canceled.
 - e) Stop Loss - A stop loss order is an instruction to buy or sell a market at a price which is worse than the opening price of an open position (or worse than the prevailing price when applying the stop loss order to an already open position). It can be used to help protect against losses. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the stop loss order and as such, stop loss orders are not guaranteed to take effect at the price for which they are set.
 - f) Trailing Stop - A trailing stop is the same as a stop loss order with the only difference being that, instead of setting a price at which the order is activated, the trailing stop order is activated at a fixed distance from the market price. For example, if Client has purchased a long open position and the market ask price increases, the trailing stop price will also increase and will trail behind the market ask price at the fixed distance set by Client. If the

market ask price then decreases, the trailing stop price will remain fixed at its last position and if the market ask price reaches the trailing stop price, the order will be executed. Please note that because of market gapping, the best available price that may be achieved could be materially different to the price set on the trailing stop order and as such, trailing stop orders are not guaranteed to take effect at the fixed distance for which they are set. Following submission of an order, it is your sole responsibility to remain available for order and fill confirmations, and other communications regarding your Account until all open orders are completed. Thereafter, you must monitor your Account frequently when you have open positions in the Account.

Your order shall be valid in accordance with the type and time of the given order, as specified. If the time of validity or expiration date/time of the order is not specified, it shall be valid for an indefinite period.

- g) Gap - a break between prices that occurs when the price of an asset makes a sharp move up or down with no trading occurring in between. Gaps can be created by a number of factors including regular buying or selling pressure, earning announcements, or any other type of news release. If a market gaps through all orders will be filled on a best efforts basis at first available price (not order level).
- 12.2 In the event that the MetaTrader 4 client terminal is closed, trailing stop will not work. This happens as the trailing stop works on the client terminal side and in this respect, if the client terminal is closed, only the stop loss that was placed by trailing stop before the closing of the terminal can trigger.

13. CANCELLATION/WITHDRAWAL OF INSTRUCTION; CANCELLATION OF TRADES AND RIGHT NOT TO ACCEPT ORDERS

- 13.1 Orders may be cancelled via the Online Trading System but we can only cancel your instructions if you explicitly request so, provided that we have not acted up to the time of your request upon those instructions. Executed instructions may only be withdrawn or amended by you with our consent. This applies also to types of orders described in art. 13. Demeterer shall have no liability for any claims, losses, damages, costs or expenses, including legal fees, arising directly or indirectly out of the failure of such order to be cancelled.
- 13.2 We have the right to reject an order or to cancel a transaction if we have adequate reasons/evidence that the following have occurred:
1. fraud/illegal actions that led to the transaction,
 2. any instance when Demeterer has cause to believe that a person's trading activities may be illegal;
 3. any instance where Demeterer may suffer any fiscal, regulatory, or pecuniary disadvantage by virtue of anyone's activities;
 4. any instance where one or more transactions are judged by Demeterer to have been performed in violation of this Agreement.
 5. orders placed based on manipulated prices as a result of system errors or system malfunctions,
 6. arbitrage trading on prices offered by our platforms as a result of systems errors; and
 7. coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.
- 13.3 We reserve the right to cancel any and/or all trading positions and withhold and/or forfeit any profits incurred by the Customer on all the Customer's trades if we consider that that the Customer has engaged in market Arbitrage.

14. IMPROPER, ABUSIVE AND PROHIBITED TRADING

- 14.1 Demeterer's objective is to provide the most efficient trading liquidity available in the form of streaming, tradable prices for most of the financial instruments we offer on the trading platform. As a result of the highly automated nature of the delivery of these streaming, tradable prices, you acknowledge and accept that price misquotations are likely to occur from time to time.
- 14.2 Should you execute trading strategies with the objective of exploiting such misquotation(s) or act in bad faith (commonly known as 'sniping'), Demeterer shall consider this as unacceptable behaviour. Should Demeterer determine, at its sole discretion and in good faith, that you or any representative of yours trading on your behalf is taking advantage, benefitting, attempting to take advantage or to benefit of such misquotation(s) or that you are committing any other improper or abusive trading act such as for example:
- a) fraud/illegal actions that led to the transaction;
 - b) orders placed based on manipulated prices as a result of system errors or system malfunctions;
 - c) arbitrage trading on prices offered by our platforms as a result of systems errors; and/or
 - d) coordinated transactions by related parties in order to take advantage of systems errors and delays on systems updates.
- Then Demeterer will have the right to:
1. adjust the price spreads available to you; and/or
 2. restrict your access to streaming, instantly tradable quotes, including providing manual quotation only; and/or
 3. obtain from your account any historic trading profits that you have gained through such abuse of liquidity as determined by us at any time during our trading relationship; and/or
 4. reject an order or to cancel a trade; and/or
 5. immediately terminate our trading relationship.
- 14.3 No employee and/or former employee who currently works or used to work on a full time or part time basis for Demeterer or any of its related entities shall, during the term of the employee and/or former employee's service to Demeterer or any of its related entities and after termination of service become a client of any brand of Demeterer (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without Demeterer's prior written approval. Should Demeterer consider that the employee and/or former employee is trading with any brand of Demeterer without the Demeterer's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the employee and/or former employee's trading account(s) and all open positions shall be closed immediately and any funds held within the account shall be confiscated.
- 14.4 No business associate or former business associate of Demeterer or any of its related entities shall, during the period of the agreement between the associate/former business associate and Demeterer and after termination of such agreement, become a client of any brand of Demeterer (either directly or indirectly, alone or with partners, associates, affiliates or any other third party) without Demeterer's prior written approval. Should Demeterer consider that the associate/former business associate is trading with any brand of Demeterer without Demeterer's prior written approval personally and/or via a third party we shall consider all the trading to be abusive and/or improper trading. In such circumstances the relevant associate/former business associate's trading account(s) and all open positions shall be closed immediately and any funds held within the account shall be confiscated.

Withdrawals will only be made on request by you, by bank transfer to an account in your name or such other method as we, in our absolute discretion, may determine.

- 21.4 Upon the occurrence of a Liquidation Date:

1. neither of us shall be obliged to make any further payments or deliveries under any Transactions which would, but for this clause, have fallen due for performance on or after the Liquidation Date and such obligations shall be satisfied by settlement (whether by payment, set-off or otherwise) of the Liquidation Amount (as defined below);
 2. we shall (on, or as soon as reasonably practicable after, the Liquidation Date) determine (discounting if appropriate), in respect of each Transaction the total cost, loss or, as the case may be, gain, in each case expressed in the Base Currency specified by us in writing or, failing any such specification, the lawful currency of the United States (and, if appropriate, including any loss of bargain, cost of funding or, without duplication, cost, loss or, as the case may be, gain as a result of the termination, liquidation, obtaining, performing or re-establishing of any hedge or related trading position) as a result of the termination, pursuant to this Agreement, of each payment or delivery which would otherwise have been required to be made under such Transaction (assuming satisfaction of each applicable condition precedent and having due regard, if appropriate, to such market quotations published on, or official settlement prices set by the relevant exchange as may be available on, or immediately preceding, the date of calculation); and
 3. we shall treat each cost or loss to us, determined as above, as a positive amount and each gain by us, so determined, as a negative amount and aggregate all of such amounts to produce a single, net positive or negative amount, denominated in the Base Currency (the "Liquidation Amount").
- 21.5 If the Liquidation Amount determined pursuant to this clause is a positive amount, you shall pay it to us and if it a negative amount, we shall pay it to you. We shall notify you of the Liquidation Amount, and by whom it is payable, immediately after the calculation of such amount.
